Vår ambition är att året runt lagerhålla hela vårt breda sortiment som du hittar i denna katalog. Det innebär för dig som kund att du inte behöver binda upp för mycket pengar i eget lager. Vi har också ambitionen att skicka din order samma dag som vi får den. Således har du dina varor dagen efter order oavsett om det är en påse peggar eller en pall med vagnar.

Vi skickar allting med PostNord/DHL oavsett om det är pall eller paket. Det borgar för snabba och precisa leveranser. Om du handlar för över 10.000 kr exkl moms så bjuder vi på frakten. På mindre leveranser debiterar vi självkostnadspris.

Vi tar ansvar för eventuella produktfel och ersätter med ny vara alternativt kreditfaktura så snabbt som möjligt.

Då vi själva importerar stora delar av vårt sortiment, erbjuder vi väldigt attraktiva marginaler. I kombination med att vi lagerhåller hela sortimentet åt dig samt att vi levererar på dagen blir det väldigt lönsamt för dig att jobba med oss.

Vi har jobbat med att importera golf i över 30 år och har således långa relationer med våra leverantörer. Vi har under den tiden skaffat oss kunskap om vilka fabriker som klarar av att producera produkter med kvalité till rätt pris.

EASILOCK®

EASY AS 1, 2, 3

Available on all Motocaddy trolleys and bags, the exclusive EASILOCK® system locks the bag onto the trolley and removes the need for a lower bag support strap.

Two holes on the trolley's lower bag support align with two removable pins on the base of the bag; ensuring golfers can secure their bag easier and quicker than ever before.

TriLite T-Flash

Black, Grey, White

En trehjuling som tillverkas på samma fabrik som succévagnen Flip´n Go vilket borgar för hög kvalité. Flygplansaluminium i rörkonstruktionen samt pulverlack för lång hållbarhet.
Precis som namnet antyder är den väldigt lätt.
Den fälls ihop med samma mekanik som fyrhjulingen vilket gör att den tar väldigt liten plats i bagagen på bilen.
Rejält med utrymme inuti scorekortshållaren som med enkelhet rymmer det mesta man vill ha lättåtkomligt på sin golfrunda.

BB SERIES

303 STAINLESS STEEL
Each BB Series putter is one-piece milled from 303 Stainless Steel, which is the same blend of material preferred by Bettinardi Tour staffers around the globe. This metal offers a more durable, responsive, and solid-feeling putter for supreme performance.

PERPETUAL FLYMILL FACE MILLING
Redefining precision putting, our Perpetual Flymill Face Milling technology is now enhanced by sonic precision. This innovative technology provides a consistent roll, ensuring that your putts start true and on target. Each stroke produces a distinctive tone, providing instant feedback to the player.

BLACK PEARL PVD FINISH
The deep, luxurious black hue of Black Pearl PVD not only exudes sophistication but also adds an extra layer of confidence upon address. Beyond its striking appearance, the PVD coating is highly resistant to wear, scratches, and corrosion.

PREMIUM COMPONENTS
Each BB Series putter comes paired with a Black PVD Tour Grade shaft, custom electric blue Lamkin Grip, and dual-constructed leather and carbon fiber BB Series magnetic headcover.

INOVAI SERIES

OVERVIEW
Redesigned from the ground up for 2024, the latest INOVAI 6.0 boasts a refreshingly clean and modern aesthetic with a stepless wing design for improved optics at address. The sole has been meticulously crafted with Variable Depth Ports which contribute to a remarkable 27% increase in the Center of Gravity (C.O.G.), enhancing stability and performance.

MATERIALS AND FINISH
The 303 Stainless Steel front piece is finished in a bold Midnight Armor finish, and the 6061 Military-Grade Aluminum back piece features a robust Titan Gray finish. Together these durable, wear-resistant finishes create a bold contrast with optimal visual cues while framing ball at address on the green.

ROLL CONTROL FACE
Developed in conjunction with the top players in the world, this proprietary groove design promotes topspin at impact to get the ball into a true roll faster.

FOUR NECK OPTIONS
Each headshape is offered with four different neck options, making the 2024 INOVAI Series the most versatile ever.

JoBeLi Range Tee

JoBeLi Range Tee är en flexibel pegg speciellt anpassad för driving range-mattor. Med ett enkelt handgrepp trycker du fast peggen i mattans spår och där sitter den kvar hela träningspasset till skillnad från en vanlig träpegg som antingen flyger iväg eller går av.

JoBeLi Range Tee går alltid tillbaka till utgångsläget. Den går lätt att klippa av i den höjd som passar dig bäst.

Patented P2 Technology

The patented P2 technology is based on the way the shaft is housed through the bottom of the grip. This effectively elevates the golfer's hands at address, locks the wrists in place and creates sought after shaft-forearm symmetry.

· More putts start on your intended target line.
· More putts are struck closer to the sweet spot.
· Drastically improves distance control calibration.
· Less club face wavering during your putting stroke.
· Reduced hook/slice spin imparted on your golf ball.

XpactPro vanishes – no residues left after 15min – 30mins.

Due to the nature of XpactPro vanishing, you can easily use it indoors. No dust on your equipment as projector or screens.

XpactPro is so thin that it doesn't affect any of the ball physics.

XpactPro does not contain any TiO2 which is a widely blacklisted compound.

XpactPro is very efficient. One can lasts for approx. 100 – 150 applications which allows for more than 750 shots (5 per application).
