

SKYMAX

CATALOGUE

Skymax Golf was founded in 1998 in Luton, Great Britain, by 3 men. Their goal was to produce high quality and affordable golf products for every beginner golfer, and they managed to do so. Skymax' assortment is up-to-date and exists only out of never out of stock items. Customize your clubs in length and grip size and your golf set size to your wishes. Start your golf journey confidently and fall in love with the sport.

The Skymax Ice IX-5 sets are extraordinary golf sets. The Ice collection contains a variety of Drivers, Woods, Hybrids, Wedges, Putters, complete sets, half sets and Irons. The clubs are easy to use and forgiving. And with the Irons you hit the ball further and straighter. The Skymax Ice IX-5 half set is recommended for both starting and experienced golfers who would like to play with an A-quality but reasonably priced golf set.

Each **ICE IX-5** golf set can be composed to your own wishes or extra clubs can be added. Clubs have offset for less slice and cavity back for straighter strokes. Available ladies flex graphite or regular flex in steel and graphite and both right-handed as well as left-handed.

The clubs can be altered in:

length - max. + 1.75 inches

grips - ladies, men, midsize and jumbo

CUSTOMIZE YOUR GOLFSET - COMPOSED TO YOUR WISHES

LH - SX7000156
RH - SX7000158

SKYMAX ICE IX-5 GAP WEDGE SAND WEDGE AND LOB WEDGE

SKYMAX GAP WEDGE:

The Skymax Gap wedge has a loft of 52 degrees by which you can make a stroke of 60-100 meters. But also indispensable for chipping towards the green.

SKYMAX SAND WEDGE:

The Skymax sand wedge has a 56 degrees loft. The sole of the wedge is round and therefore ideal for a stroke out of the bunker.

SX7000160 - MRH 52° Wedge steel

SX7000161 - MRH 56° Wedge steel

SX7000162 - MRH 60° Wedge steel

SKYMAX LOB WEDGE:

The Skymax lob wedge has a 60 degrees loft, and is a great add to your golf set. This club is mainly used for short high strokes. Imagine a bunker between you and the green, and you need to get the ball on the green. In this situation you can use the lob wedge. The Skymax lob wedge is a great club and essential in your golf set.

THE SKYMAX ICE IX-5 WEDGES ARE AVAILABLE IN:

Gap wedge 52° - Sand wedge 56° - Lob wedge 60° - Right-handed -
Gunmetal finish - Precision milled grooves - True Temper steel shaft regular flex
