Vår ambition är att året runt lagerhålla hela vårt breda sortiment som du hittar i denna katalog. Det innebär för dig som kund att du inte behöver binda upp för mycket pengar i eget lager. Vi har också ambitionen att skicka din order samma dag som vi får den. Således har du dina varor dagen efter order oavsett om det är en påse peggar eller en pall med vagnar.

Vi skickar allting med PostNord/DHL oavsett om det är pall eller paket. Det borgar för snabba och precisa leveranser. Om du handlar för över 10.000 kr exkl moms så bjuder vi på frakten. På mindre leveranser debiterar vi självkostnadspris.

Vi tar ansvar för eventuella produktfel och ersätter med ny vara alternativt kreditfaktura så snabbt som möjligt.

Då vi själva importerar stora delar av vårt sortiment, erbjuder vi väldigt attraktiva marginaler. I kombination med att vi lagerhåller hela sortimentet åt dig samt att vi levererar på dagen blir det väldigt lönsamt för dig att jobba med oss.

Vi har jobbat med att importera golf i över 30 år och har således långa relationer med våra leverantörer. Vi har under den tiden skaffat oss kunskap om vilka fabriker som klarar av att producera produkter med kvalitet till rätt pris.

NX DHC Lithium

Equipped with Downhill Control and an electronic parking brake, perfect for golfers playing hilly courses.

For over 20 years, PowerBug has set the standard in electric golf trolley design, offering industry-leading build quality, unmatched reliability, and exceptional practicality.

The NX DHC represents a bold step forward, featuring a completely revamped and modernised design. While embracing a fresh, innovative look, it stays true to the core fundamentals that golfers expect from a PowerBug electric golf trolley.

Down Hill Control (DHC) allows the trolley user to automatically maintain a constant speed when walking down hill, preventing the trolley from running away when descending a hill on the course.

In addition to the Down Hill Control, the NX DHC also features a parking brake, eliminating the risk of the trolley rolling away whilst unattended.

Weight & Dimensions

Folded Dimensions: 77cm (L) x 57cm (W) x 41cm (H)
Folded Dimensions (Wheels Inverted): 77cm (L) x 38cm (W) x 41cm (H)

36 Hole Battery

Capable of 36 holes on a single charge as standard
Lightweight hard cased battery simply slots into the battery tray without any external connector cables to plug in.

Our new 28.8v high torque battery and drive-train system handles even the most demanding courses and conditions with ease.

Should you forget to charge your battery, the wheels can be set to free-wheel mode, turning the NX into a free-rolling push trolley in seconds.

36 Hole 3 Year Warranty 28v Power Light Weight

Handle Features

An updated handle design features handlebar style grips & USB charging port.

The handle screen display is adjustable to help visibility in all lighting conditions.

On screen battery level meter with speed adjustment 1-9 in 0.5 increments, allowing for the perfect walking pace for all golfers.

Set the NX to run and park automatically for up to 50 yards.

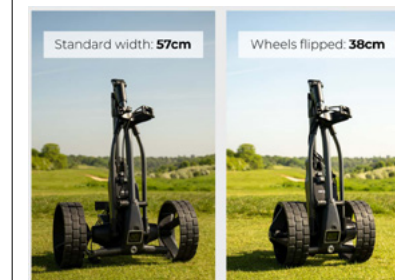

Charge your mobile or GPS device with the on-board USB charging port located underneath the handle.

Space Saving

Ready to tackle any condition the NX features heavy duty low profile rubberised wheels and tyres. The tyre tread and material has been proven to work flawlessly in both summer and winter conditions.

To save extra room when folded, the wheels can be inverted to reduce the overall width of the trolley.

JoBeLi Range Tee

JoBeLi Range Tee är en flexibel pegg speciellt anpassad för driving range-mattor. Med ett enkelt handgrepp trycker du fast peggen i mattans spår och där sitter den kvar hela träningspasset till skillnad från en vanlig träpegg som antingen flyger iväg eller går av. JoBeLi Range Tee går alltid tillbaka till utgångsläget. Den går lätt att klippa av i den höjd som passar dig bäst.

RUBBER 360

Enhance your game with the cutting-edge Rubber 360 Grip from Winn. Crafted for golfers who seek top-tier performance and comfort, this groundbreaking grip offers a full 360-degree rubber design, providing a consistent feel and outstanding control with every swing. It's designed for adjustable clubs, maintaining a uniform look no matter the shaft orientation.

Standard Size

Black | Round 49g - **360-BK**

DRI-TAC

With its timeless tapered design, the esteemed Dri-Tac model from Winn offers exceptional performance in all weather conditions. Dri-Tac grips are renowned for their remarkable shock-absorbing capabilities and reliable non-slip performance, empowering golfers to effortlessly execute their swings, leading to improved contact and greater distance on the course.

Dark Gray | 129g - **17WR-DG**

DRI-TAC LITE

The Dri-Tac Lite grips showcase an innovative technology, boasting half the weight of conventional grips. This reduction in weight enhances the feel of the clubhead, ultimately refining swing tempo for improved contact and increased distance. Just like all grips within the Dri-Tac Series, Winn's Lite grip prioritizes both comfort and shock absorption, ensuring exceptional non-slip performance in any weather conditions.

WINNPRO X

The WinnPro X employs a profile with less taper compared to conventional designs, effectively eliminating wrist movement during the stroke. This innovative approach maintains the comfortable, tacky feel that Winn is renowned for. Additionally, it incorporates WinnLite Technology to reduce grip weight, improve clubhead feedback, and ensure stability throughout the putting motion.
